

Quick start guide – To autofill your login details to websites on your chosen browser:

1. Go through the image setup and add your selected websites on “mnemonic-gateways.exe”
2. Return to the user-selection menu on “mnemonic-gateways.exe”
3. Run “mnemonic-gateways-companion-app.exe”
4. Follow the “Extension quick start guide” in the extension folder to complete setup
